

Sports Super Centre upgrade project

Project update
June 2016

New track and field and hockey facilities

Construction of the new hockey pitch and athletics track and field is now complete, and the facilities were opened to the public on Monday, May 30, 2016. Thank you for your patience and support while these new facilities were under development.

Hockey pitch

The new hockey pitch will be used as an official training venue for hockey during the Gold Coast 2018 Commonwealth Games (GC2018). Before and after GC2018, the pitch will be a well-used Games legacy for the Gold Coast community. It will be utilised day and night up to seven days a week by local, state, national and international hockey organisations, and Queensland state school students. The multi-use pitch will also accommodate a range of sporting uses, such as soccer and touch football. Usage of the hockey pitch is by appointment only.

Track and field

The track and field facility will be fully equipped for a wide range of running and throwing disciplines, including javelin, pole vault, discus, shot put, hurdles, high jump, long jump and triple jump.

The track and field is open to Sports Super Centre members at selected times throughout the week. The track with turf infield will also be regularly used by appointment by non-members such as Queensland state schools, sporting groups and teams, athletes and members of the local community.

To book the new facilities

Contact the Sports Super Centre on +61 7 5500 9988, email reservations@sportssupercentre.com.au or visit www.sportssupercentre.com.au

Construction highlights

Below is a bird's eye view of how the construction progressed over a six-month period.

More information about the Sports Super Centre upgrade project and other venues is available from the Venues page at www.qld.gov.au/commonwealthgames or call 13 QGOV (13 74 68).

The project is funded by the Queensland Government.
